

FREE Educator Workshop **Healthy Water Healthy People –Project Wet**

This curriculum is geared towards **middle and high school educators**, however many activities can be **easily adapted for lower grade levels**. Participants who attend the workshop **receive the Healthy Water Healthy People Educators Guide and the Field Monitoring Manual** (\$40.00 value). This curriculum will help educators address science standards through interactive activities that **interpret water quality concepts** and **promote diverse learning styles**, with foundations in the scientific method. Entrance into the park will be free when you tell them you are with the Healthy Water Healthy People, Project Wet Workshop.

DATE:	Friday, August 7, 2009

PLACE:	Cedar Grove Shelter House, Versailles State Park Versailles, IN 47042
COST:	Free (includes lunch)
RSVP:	By July 31, 2009 <i>Registration form on back</i>

Sponsored by the Indiana Department of Natural Resources through the Division of Water, Project Wet is a statewide education program that provides curriculum to grades K -12 while meeting academic standards.

Project WET Instructional Approach:

Project WET activities are designed to satisfy the goals of educational programs by complementing existing curricula rather than displacing or adding more concepts. Project WET activities provide many opportunities to address curricula objectives and educational standards. These interdisciplinary activities designed for students in grades K-12 are perfect for use in formal and non-formal education settings.

Project WET Goal:

The goal of Project WET is to facilitate and promote awareness, appreciation, knowledge, and stewardship of water resources through the development and dissemination of classroom-ready teaching aids and the establishment of state and internationally sponsored Project WET programs.

The South Laughter Creek Watershed Project and Historic Hoosier Hills RC&D prohibits discrimination in its programs on the basis of race, color, national origin, gender religion age, disability, political beliefs, sexual orientation and marital or family status. (Not all prohibited bases apply to all programs). Persons with disabilities who require alternative means for communication of program information (Braille, large print, audio tape, etc) should contact the USDA's TARGET Center at 202-720-2600 (voice and TDD).

"This project has been funded wholly or in part by the United States Environmental Protection Agency under assistance agreement (6-164) to the Indiana Department of Environmental Management. The contents of this document do not necessarily reflect eh views and policies of the Environmental Protection Agency, nor does mention of trade names of commercial products constitute endorsement or recommendation for use."

Detach and keep map and information on opposite side for your records.

The Versailles State Park is located on US Highway 50 approximately 1 mile east of Versailles (Please see insert for map of the Park)
